The miracles that have already happened are, of course, as Scripture so often says, the first fruits of that cosmic summer which is presently coming on. Christ has risen, and so we shall rise... To be sure, it feels wintry enough still: but often in the very early spring it feels like that. Two thousand years are only a day or two by this scale. A man really ought to say, "The Resurrection happened two thousand years ago" in the same spirit in which he says, "I saw a crocus yesterday."</i></p> <p><i>Author: C. S.
